THIS IS THE APPRENTICES RESPONSIBILITY

NOT THE CONTRACTOR

APPRENTICE WORK CARD PROCEDURE

- A. In order for an apprentice to be placed on the Local 136 out-of-work list, he/she must first submit a report of the work performed (form provided) at the local union office (Evansville or Bloomington) that has been signed by his/her previous employer. This process will be repeated each time an apprentice is laid off, fired, or terminated for any reason.
- B. If an Apprentice has more than one job in a calendar year and is still employed on December 31st, the apprentice will be required to submit a signed report of the work (form provided) that he/she has performed for their current employer and deliver it to the local union office (Evansville or Bloomington) within twenty (20) days after the calendar year ends. Apprentices failing to submit this report will be removed from their employer.
- C. If an apprentice is not laid off (remains with the same contractor for the entire year) during the calendar year, the apprentice will be required to submit only a single signed report of the work (form provided) that he/she has performed during the past calendar year and deliver it to the local union office (Evansville or Bloomington) within Twenty (20) days after the calendar year ends. Apprentices failing to submit this report will be removed from their employer.

Local 136 will supply a fringe benefit report, including hours worked and paid, as further proof of the work of each apprentice.
